CONSERVATION

SUMMIT PROGRAM

Welcome to the first-ever cross-boundary gathering focused on advancing landscape connectivity conservation and restoration in the five eastern-most Canadian provinces, seven northeastern-most U.S. states, and Indigenous territories of the region. The Summit is co-hosted by the Quebec-Labrador Foundation and Center for Large Landscape Conservation on behalf of the Staying Connected Initiative partnership.

DESIRED OUTCOMES:

- Expanded relationships and durable mechanisms for well-coordinated, collaborative and inclusive landscape connectivity conservation at multiple scales
- Enhanced awareness of the region's significance and connectivity challenges, opportunities and strategies
- Promising approaches for advancing connectivity conservation and restoration
- Momentum toward solutions and biodiversity conservation goals like the "30 x 30" target
- Reinforced support for the principles of the New England Governors and Eastern Canadian Premiers' (NEGECP) Resolution 40-3 on ecological connectivity, biodiversity conservation, and climate adaptation, adopted in 2016

CORE THEMES:

- Connectivity and Climate Science
- Etuaptmumk/Two-Eyed Seeing – Weaving Indigenous Knowledge and Western Science
- Coordination, Collaboration, and Partnerships
- Infrastructure
- Land Use: Protection, Planning, and Management
- Policy and Funding

OTHER KEY THEMES WOVEN IN:

- Climate Change
- Community Engagement
- Ecosystem Services
- Freshwater/Aquatic Connectivity/Riparian Areas
- Land/Climate/Social Justice
- Recreation
- Regional Vitality
