

# Adapting to Climate Change: Forests, Wildlife, and Ecosystem Services

How will climate change affect our forests, our wildlife, and our communities?

Join **Chris Hilke**, Climate Program Coordinator for the National Wildlife Foundation, for a talk on how climate change is affecting us and what we can do about it.

Share your stories and concerns in an open discussion facilitated by **Seth Jensen**, Senior Planner for the Lamoille County Planning Commission, and **Neahga Leonard**, Linkage Coordinator for the Staying Connected Initiative.

**Peoples Academy High School, Morrisville**  
**November 16th, 6:30 pm**
